

KLOVE radio is the ONLY radio station in Casper that plays uplifting, family friendly, Christian music that people of ALL ages can enjoy. Our family ranges from 4 years to 45 years of age and it is the ONLY station we all enjoy. This is a tough world and knowing that my children can listen to a station like this is VERY important! Secular stations often have crude advertising, inappropriate language not only in the music but by the DJ's as well. I will NEVER go back to listening to ANY other station. It's KLOVE or CD's for this family! God Bless
